Subject: Status of error correction notice for SO2 NA areas in TX

Michael,

I called in to the TX SIP monthly planning call yesterday and Donna Huff/Kim Herndon asked about the status of the error correction notice for the 3 areas in Texas we previously designated nonattainment. I told them I have been out of the loop on that issue, but that I would get back to them with the latest information we have. Do you know the status of that, or should I contact Mike Thrift to find out?

Thanks,

Dayana Medina
